Geography Realms Regions Concepts Transparencies
With exceptional content, the 17th edition of Geography: Realms, Regions, and Concepts, maintains its position as the market-leading world regional geography title, with a new twist—a new lead author and new contributors who bring fresh and modern perspectives. The new edition specifically brings emphasis to urban geography and spatial techniques through new content features and Geographic Information Analysis (GIA) Modules.

Geography: Realms, Regions, and Concepts, 17th Edition ...
Since its first appearance, Geography: Realms, Regions, and Concepts has consistently broken new ground in the interpretation and teaching of world regional geography. For more than four decades, REGIONS, as it has come to be called, has explained the contemporary world’s geographic realms and their natural environments and human dimensions. The authors look at the ways people have organized their living space, adapted to changing social as well as environmental circumstances, and continue ...
