Revolution in Higher Education is a thorough but readable look into the innovations and tough questions that are poised to alter the higher education landscape. DeMillo makes his case so effectively that when disruption comes, none of us will be able to say we were not warned.

**Revolution in Higher Education | The MIT Press**
The new social contract envisioned by Richard DeMillo in his insightful and arresting new book, Revolution in Higher Education, is one that must be achieved if we are to succeed as a nation. DeMillo makes a compelling argument for the notion that a small band of innovators could generate an entire symphony of outcomes that make higher education more accessible, more affordable, and ultimately more aligned with the growing demand for talent that is shaping our twenty-first-century economy and ...
Going by media reports, the government is now actively working on a major overhaul of the regulatory system in higher education. This reform has been long overdue and, after the passage of the ...

(PDF) The Fourth Industrial Revolution and Higher Education
The French revolution in higher education is starting to bear fruit. PSL’s high entry position in the THE World University Rankings reflects one of the ambitions of France’s programme of mergers, say John Ludden, Philippe Le Prestre and Jean-Marc Rapp. Earlier this month, a French university with an unfamiliar name, Paris Sciences et Lettres – PSL Research University Paris, entered the Times Higher Education World University Rankings at an eye-catching 72nd position, becoming France ...
